

Advanced Repair Night Treatment Serum

PRICE: \$89.00 USD/\$117.00 CAD

CONTENTS: 30 mL/1 fl. oz.

This innovative, age-defying night treatment visibly diminishes the appearance of fine lines and wrinkles, softens the skin while restoring even skin tone and supports the process of overnight recovery and cell renewal.

TO USE: After cleansing and toning, apply 3 generous pumps to face, neck and décolletage and gently massage to absorb. Follow with eye treatment and night cream. Use in the PM.

KEY INGREDIENTS:

Lactobacillus Ferment Lysate - This novel, green-technology probiotic helps to balance the immune system and inhibit the growth of some pathogens. It aids in recovery of the skin barrier, improves moisturization, helps reduce skin redness and regulates oil production.

Acetyl Hexapeptide-51 (Immortal Peptide) - A peptide solution specifically designed to enhance the natural mechanisms to diminish the DNA damage and protect genetic integrity. Helps to reduce existing cellular DNA damage and delay deterioration of cells, therefore helping to prevent and delay the visible signs of aging.

Carnosine - A nature identical multi-functional anti-aging peptide. Acts as a powerful anti-oxidant to provide a defense against oxidative damage, while helping to stimulate the production of collagen.

PM Brightening Complex - Concentrated blend of Diglucosyl Gallic Acid, Sclareolide and Nymphaea Alba Flower Extract are combined to work with your body's overnight regeneration process to restore an even skin tone by blocking the production of melanin, thus controlling the darkening of the skin, reducing skin discolorations.

Saccharide Isomerate - A 100% natural, plant derived skin-identical carbohydrate complex (Prebiotic) that provides a unique binding mechanism with the skin to ensure deep, instant hydration for 72 hours. Strengthens and protects the skin, offering improvement in skin comfort and appearance.

INGREDIENTS:

Water (Aqua), Lactobacillus Ferment Lysate, Acetyl Hexapeptide-51 Amide, Diglucosyl Gallic Acid, Sclareolide, Nymphaea Alba Flower Extract, Saccharide Isomerate, Ethyl Linoleate, Ethyl Macadamiate, Carnosine, Glycerin, Sodium Palmitoyl Proline, Ethylhexylglycerin, Sclerotium Gum, Pullulan, Pentylene Glycol, Lecithin, Xanthan Gum, Butylene Glycol, Citric Acid, Phenoxyethanol, Sodium Citrate
